# LEGAL DEPARTMENT

The attorneys who represent us in court are specialists in commercial law and never lose a just claim. The preparation of all cases is handled in a way that eliminates the loss of time between filing and judgment that so frequently occurs in a strictly legal office.

# WE ARE COLLECTORS

The Central California Creditors' Association had its beginning in Modesto and from nothing, with no previous collection experience, has grown to one of the best known agencies on the Pacific Coast. At one time three offices were operated, but we are now specializing for some of the largest credit organizations in San Francisco and confining our energies in the collection work to the immediate Bay District. No claim is too large or too small for us to handle, but we do not represent all kinds and classes of business houses. In this way we can give a 100% service to the financial institutions and credit houses that know the value of an efficient collection service. We welcome the closest of investigations, our reputation stands the test. Ask your banker or credit bureau about the

A Service for Financial and Credit Executives

---

## COLLECTION DEPARTMENT

We have succeeded because we waste no time writing letters and we do not employ a lot of bell pushers. Our system is to investigate the debtor first; find out what he owns that can be attached, where he keeps it, bank account and all; then we demand the money and if it is not forthcoming an attachment gets results. In this way we have succeeded in collecting what our clients thought to be worthless claims.

## INVESTIGATION DEPARTMENT

To this department is due the credit for many an otherwise impossible collection. The investigation department handles all requests for credit information, and locates your debtors who have moved, leaving no address. Also insurance investigations, automobile repossessions and replevins. A complete investigation department operated by the most competent commercial detectives in California.
